PROFESSIONAL SUMMARY

Product Owner (Acting Product Manager) with 8+ years of core PO/PM expertise across B2B SaaS, Omnichannel O2O, Fintech Integrations, Loyalty, Gamification, and successfully productizing practical AI modules (Computer Vision, Chatbots) to optimize business efficiency and user engagement. Proven track record in Product Delivery and Roadmap Management, specializing in partnering with senior leadership to translate business objectives into scalable product features. Strong expertise in Team Leadership and Stakeholder Management, adept at aligning cross-functional divisions.

WORK EXPERIENCE

PRODUCT OWNER (Acting Product Manager)

Startup Subsidiary of PIGROUP | Group-buying & Demand Aggregation Commerce

| Mar.2026 – Present

- **Product Governance & Strategy:** Partnered directly with C-level executives as the strategic Product Lead to anchor the business concept from scratch; synthesized disparate market data to architect the foundational (BRD, PRD) and define the product's long-term commercial roadmap.
- **Multi-Domain Application Governance:** Masterminded and structured feature scopes across a complex multi-app portfolio (User-facing App, central Admin Portal, and Seller/Distributor App), positioning the platform to scale demand-driven commerce models seamlessly.
- **Cross-Functional Shepherding:** Spearheaded team discovery and corralled engineering, design, and operations divisions under a unified vision; introduced practical AI-assisted prototyping workflows (Vibe coding) that optimized validation phases and slashed concept-to-market time by 30%.

PRODUCT OWNER (Acting Product Manager)

Finviet Technology | Manufacturer-to-Consumer Commerce | Apr.2023 – May.2026

- **Roadmap & Execution:** Led the product roadmap for Finviet's flagship "Tiệm Số Hóa"; translated business goals into a unified interface housing B2B Supply Chain, Omnichannel, FinTech, and Loyalty & Gamification domains inside a single mobile application.
- **Exponential User Growth & Marketplace Drive:** Formulated growth-driven features expanding the user base past **325K+**, driving a **4x MAU surge to peak at 93K+ active merchants** and directly accelerating a **5x growth** in monthly B2B marketplace transactions.
- **High-Volume FinTech Scaling:** Led the integration of core FinTech modules (E-wallet, QR Payment, Banking Services, Lending), driving platform infrastructure to process a peak of **220K+ monthly FinTech transactions** while scaling digital Value-Added Services (VAS like Bill Pay, Top-up) by **1.5x**.
- **AI Integration & UX Efficiency:** Evaluated trade-offs to integrate 3rd-party AI capabilities (Computer Vision and Chatbots); optimized UX/UI to streamline complex flows to cut user task engagement time by **2.5x** while sustaining **73K+ re-engaged merchants monthly** via automated lifecycle campaigns.
- **Cross-Functional Coordination:** Acted as the central point to align distributed engineering, design, and operations teams; seamlessly integrated multi-party requirements from major Tier-1 commercial accounts (Kido, Thọ Phát, Ajinomoto,...) with product delivery timelines.

FOUNDER / ENTREPRENEUR

LILDAN Pet Spa Hotel & Clinic | Aug.2022 - Apr.2025

• **Operations & Brand Management:** Directed cross-functional business workflows and led personnel across separate operational departments (Clinic, Spa, and Retail) and engineered a unified retail framework integrating centralized POS systems with physical operations and marketplaces (Shopee, Lazada, Tiktok).

PRODUCT OWNER (Startup Subsidiary / Internal Incubator)

Onpoint | Social Commerce | Dec.2021 - Aug.2022

• **Autonomous 0-to-1 Project Leadership:** Lead to manage the end-to-end MVP definition, functional specifications, and roadmap prioritization for "UNA Market"—a social commerce platform modeled after group-buying mechanics (similar to Pinduoduo).

• **Vendor & Outsource Management:** Evaluated, selected, and managed external IT vendors and outsourced development teams; took ownership over the cross-functional delivery pipeline, quality assurance frameworks, and final UAT sign-offs to ensure on-time product launch.

PRODUCT OWNER

Haravan | SaaS Omnichannel | Apr.2019 - Dec.2021

• **Feature Requirement Delivery:** Managed and refined core POS (Point-of-Sale) modules within the SaaS Omnichannel platform, translating in-store retail workflows and merchant feedback into detailed functional specifications, user stories, and acceptance criteria (Key Accounts: Vinamilk, The Coffee House, Juno, etc.).

• **Product Backlog Management:** Monitored system usage patterns and merchant transactional data to continuously groom the backlog, prioritizing features that improved system checkout velocity and inventory data accuracy.

• **Cross-Functional Execution:** Partnered closely with Engineering, QC, Sales, and Customer Success teams during sprint cycles to clarify requirements, manage scope risks, and ensure user-centric UI/UX stability for production releases.
