PROFESSIONAL SUMMARY

Product Owner (Acting Product Manager) with 8+ years of core PO/PM expertise across B2B SaaS, Omnichannel O2O, Fintech Integrations, Loyalty & Gamification.. Proven track record in Product Governance and Portfolio Management, specializing in partnering with senior leadership to translate business objectives into strategic roadmaps and resource allocation plans. Strong expertise in Team Leadership and Stakeholder Management, adept at aligning cross-functional divisions (Tech, Design, Operations, and external partners) and establishing best practices to drive delivery speed, system scalability, and product quality.

WORK EXPERIENCE

PRODUCT OWNER (Acting Product Manager)

Startup Subsidiary of PIGROUP | Group-buying & Demand Aggregation Commerce

| Mar.2026 – Present

- **Product Governance & Strategy:** Partnered directly with C-level executives as the strategic Product Lead to anchor the business concept from scratch; synthesized disparate market data to architect the foundational (BRD, PRD) and define the product's long-term commercial roadmap.
- **Multi-Domain Application Governance:** Masterminded and structured feature scopes across a complex multi-app portfolio (User-facing App, central Admin Portal, and Seller/Distributor App), positioning the platform to scale demand-driven commerce models seamlessly.
- **Cross-Functional Shepherding:** Spearheaded team discovery and corralled engineering, design, and operations divisions under a unified vision; introduced practical AI-assisted prototyping workflows (Vibe coding) that optimized validation phases and slashed concept-to-market time by 30%.

PRODUCT OWNER (Acting Product Manager)

Finviet Technology | Manufacturer-to-Consumer Commerce | Apr.2023 – May.2026

- **Product Strategy & Super-App Governance:** Masterminded the overarching strategy and multi-year roadmaps for Finviet's flagship "Tiệm Số Hóa"; synthesized C-level goals into a unified architecture housing B2B Supply Chain, Omnichannel, FinTech, and Loyalty & Gamification domains inside a single mobile application interface.
- **Exponential User Growth & Marketplace Drive:** Formulated growth-driven features expanding the user base past 325K+, driving a 4x MAU surge to peak at 93K+ active merchants and directly accelerating a 5x growth in monthly B2B marketplace transactions.
- **High-Volume FinTech Scaling:** Spearheaded core FinTech modules (E-wallet, QR Payment, Banking Services, Lending), driving platform infrastructure to process a peak of 220K+ monthly FinTech transactions while scaling digital Value-Added Services (VAS like Bill Pay, Top-up) by 1.5x.
- **AI Field Integration & UX Efficiency:** Evaluated strategic trade-offs to intergrate 3rd-party AI capabilities (Computer Vision and Chatbots); revolutionized complex flows to cut user task engagement time by 2.5x while sustaining 73K+ re-engaged merchants monthly via automated lifecycle campaigns.
- **Cross-Functional Shepherding & Account Alignment:** Acted as the central authority to corral distributed engineering, design, and operations teams into unified outcomes; seamlessly aligned multi-party requirements from major Tier-1 commercial accounts (Kido, Thọ Phát, Hương Thủy, Ajinomoto, Vifon,...) with strict product delivery timelines.

FOUNDER / ENTREPRENEUR

LILDAN Pet Spa Hotel & Clinic | Aug.2022 - Apr.2025

• **Operations & Brand Management:** Directed cross-functional business workflows and led personnel across separate operational departments (Clinic, Spa, and Retail) and engineered a unified retail framework integrating centralized POS systems with physical operations and external digital marketplaces.

PRODUCT OWNER (Startup Subsidiary / Internal Incubator)

Onpoint | Social Commerce | Dec.2021 - Aug.2022

• **Autonomous 0-to-1 Project Leadership:** Appointed as the sole Product Lead to command the end-to-end incubation, functional specifications, and strategic timeline prioritization for "UNA Market"—a social commerce platform modeled after group-buying mechanics as Pinduoduo (China).

• **Vendor & Engineering Team Command:** Directly evaluated, selected, and led external IT vendors and outsourced development teams; exercised complete ownership over the cross-functional delivery pipeline, quality assurance frameworks, and final UAT sign-off.

PRODUCT OWNER

Haravan | SaaS Omnichannel | Apr.2019 - Dec.2021

• **SaaS & E-commerce Product Strategy:** Translated complex retail operations and merchant feedback into scalable POS features, user stories, and technical specifications powering enterprise-grade software for **500+** major retail store chains (Key Accounts: Vinamilk, The Coffee House, Juno, etc.).

• **Continuous Analytics Discovery:** Monitored usage patterns and transformed raw merchant data into actionable updates, leading to measurable improvements in system checkout velocity and inventory data accuracy.

• **Cross-Functional Alignment:** Served as the central coordination hub bridging Engineering, Sales, and Customer Success to protect release quality, resolve scope risks, and ensure user-centric UI/UX stability.
