PROFESSIONAL SUMMARY

Product Owner (Acting Product Manager) with 7+ years of expertise spanning B2B SaaS, E-commerce Enablers, and O2O Super Apps. Proven track record in architecting core platform engines (OMS/DMS, POS, Fintech solutions, and Loyalty frameworks) that serve as primary business revenue drivers. Passionate about orchestrating cross-functional teams and pioneering AI-powered workflows (Vibe coding) to accelerate product discovery and prototyping. Delivers measurable business value through structural thinking, data-driven execution, and empathetic leadership.

WORK EXPERIENCE (from 2013)

PRODUCT OWNER (Acting Product Manager) Startup Subsidiary of PIGROUP | Group-buying & Demand Aggregation Commerce | Mar.2026 – Present

- **Owned product vision and BRD** for a demand-driven commerce platform connecting users, sellers, manufacturers, and distributors.
- **Utilized AI-assisted development (Vibe coding)** to rapidly prototype custom features and internal tools, cutting down concept-to-validation time by 30%.
- **Designed 3 core buying models:** manufacturing group-buy, recurring purchase and category-based distributor bidding.
- **Defined feature scope** for User App, Admin Portal, and Sell App, including purchase flow, cart logic, checkout, deposit/refund, loyalty, and seller operations.
- **Translated business strategy into product requirements, UX flows, and functional feature lists** for design, tech, sales, and operations teams.
- **Built seller growth features** such as share links, user tracking, order attribution missions, tiers, and rewards.
- **Focused on business impact:** demand forecasting, inventory reduction for suppliers, user acquisition, retention, and GMV growth.

PRODUCT OWNER (Acting Product Manager) Finviet Technology | Manufacturer-to-Consumer Commerce | Apr.2023 – May.2026

App **ECO Tiệm Số Hóa** — Led the end-to-end product lifecycle of Finviet's flagship Super App, **the primary revenue engine** powering the entire corporate ecosystem. Partnered with cross-functional leaders to architect and scale integrated B2B supply chain, omnichannel commerce, and digital fintech solutions.

KEY ACHIEVEMENTS

- **Market Penetration:** Drove **1.8x growth** in app downloads, crossing **325K+ cumulative installations**.
- **Product Engagement:** Unlocked a **4.5x surge in MAU**, accelerating monthly active merchants to a peak of **93K+**.
- **User Retention:** Sustained over **73K+ monthly re-engaged merchants** through automated lifecycle campaigns.
- **0-to-1 POS Rollout:** Onboarded **52K+ active POS merchants** from scratch, driving rapid offline-to-online (O2O) adoption.
- **B2B Marketplace:** Scaled core infrastructure to process over **153K+ successful monthly supply chain orders**.
- **Fintech Scaling:** Handled a peak volume of **220K+ successful monthly transactions** via complex third-party API integrations.
- **UX Efficiency:** Streamlined application workflows to reduce average engagement time to an optimized **10-11 minutes per active user monthly**, significantly driving task completion speed.

Key Accounts: Kido, Thọ Phát, Hương Thủy, Ajinomoto, Vifon, etc.

WORK EXPERIENCE (from 2013)

SELF-EMPLOYED

LILDAN Pet Spa Hotel & Clinic | Aug.2022 - Apr.2025

- **Omnichannel Execution:** Architected a seamless retail system integrating a centralized POS with Shopee, Lazada, TikTok Shop, and Offline channels.
- **Brand & Operations:** Developed end-to-end brand identity and cross-functional workflows between Clinic, Spa, and Retail departments.
- **Growth Marketing:** Led CRM and data-driven outreach strategies to optimize customer acquisition and retention.

PRODUCT OWNER

Onpoint | E-commerce Enabler | Dec.2021 - Aug.2022

- **Product: UNA Market** – A Social Commerce startup (Pinduoduo model) based on group-buying and social networking (Zalo/Facebook).
- **0-to-1 Launch:** Acted as the sole Product Owner to conceptualize and launch UNA Market from scratch, integrating social sharing and tiered-discount mechanisms.
- **Outsource Management:** Directly managed external IT vendors to ensure technical delivery, from **PRD documentation to final UAT and Go-to-market**.
- **Viral Mechanism:** Engineered "Group Buying" features that incentivized users to invite friends via social platforms, optimizing organic acquisition costs.

PRODUCT OWNER

Haravan | SaaS Omnichannel | Apr.2019 - Dec.2021

- **Enterprise Solutions:** Partnered with key stakeholders to translate complex business requirements into scalable POS features, optimizing retail operations for **500+ store chains**.
 - **Data-Driven Discovery & Roadmap:** Transformed raw behavioral data and user feedback into actionable insights, architecting Product Roadmaps that improved checkout speed and inventory accuracy.
 - **Strategic Alignment:** Coordinated with cross-functional teams (Engineering, Sales, CS) to align product vision with business goals, ensuring high-quality delivery for Enterprise-grade requirements.
 - **Customer Experience:** Spearheaded UI/UX improvements that directly increased system stability and user satisfaction for large-scale retail operations.
- Key Account:** Vinamilk, The Coffee House, Couple TX, Juno, Hnoss,...
